SHD9200/10

Surround Sound

Digital wireless headphones system

Fully immerse yourself in the best cinematic 3D sound experience at home with SHD9200 headphones, featuring Klear's uncompressed wireless audio transmission for pure, detailed sound. Crafted for true comfort, freedom and pure listening pleasure.

Benefits

Authentic listening experience

- Klear's lossless transmission for truly immersive listening
- 3D sound technology for multi-dimensional cinematic sound
- True CD sound quality lets you enjoy your music fully
- Open-back architecture for balanced, highly detailed sound
- 40-mm neodymium speaker drivers for superior Hi-Fi sound

Designed for long-wearing comfort

- Breathable velour cushions for long-listening comfort
- Open design with 50 air vents for smooth, transparent sound

- Padded headband for long-wearing comfort

Convenient and easy to use

- 100-m transmission range for freedom of enjoyment at home
- Wireless volume control for convenient and intuitive use
- Dual digital and analogue inputs to connect 2 audio sources
- Docking station for convenient charging and storage

PHILIPS

Features

Kleer's uncompressed audio

Kleer wireless technology delivers uncompressed audio for high-fidelity sound that's true to the original recording.

Cinematic 3D digital sound

3D sound technology reproduces multi-dimensional sound for a spectacular and immersive cinematic experience.

True-to-source acoustics

True CD sound quality lets you get the most out of your music enjoyment, thanks to a sophisticated digital transmission process that guarantees no data compression. What you hear is richly detailed and faithful to the original music source.

Open acoustic architecture

40-mm neodymium speakers

40-mm neodymium speaker drivers deliver superior high-fidelity sound performance.

Breathable velour ear cushions
