INFORMATION

49" curved VA Dual QHD monitor with USB-C dock, KVM and 5MP webcam for easier multitasking

Work with multiple applications, large spreadsheets or detailed documents on one screen. The 49" ProLite XCB4997DQSNPH delivers the workspace of two QHD monitors without a bezel in between, so you can organise your work and keep key information in view. The 1000R curved VA panel brings the entire 5120 x 1440 workspace into a more natural field of view, while 120Hz keeps scrolling smooth and fluid.

One USB-C cable carries video, data, LAN and up to 95W charging, cutting down on cables and adapters. The built-in KVM switch lets you use one keyboard and mouse with two computers, while Screen Split allows your computer to recognise the monitor as two independent QHD displays. The integrated 5MP webcam with microphone and Windows Hello support lets you join video calls and sign in securely without extra equipment.

FEATURES

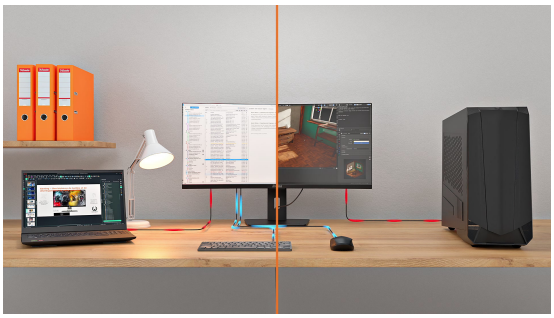

Curved for immersive viewing

Step into an immersive, natural viewing setup that minimizes distortion and reduces eye strain during long work or entertainment sessions.

Easy access with Windows Hello cam

Log in quickly and securely with facial recognition, while enjoying crystal-clear video calls thanks to the high-resolution autofocus webcam.

Easy multi-device control with KVM

Easily switch between multiple computers using one monitor, keyboard, and mouse, making multitasking smooth and efficient.

USB-C dock for tidy desk & easy connectivity

Connect everything with just one cable — handle video, data, and power while keeping your desk clean and organized.
