

MPN: MO-L-S31123CXL10

SFP 1 Gbps, SMF, 10 km, LC, Compatible with Cisco/Linksys MGBLX1

EET has expanded the offerings to support a wide range of optical transceivers ranging from GBIC to XFP. All of the products comply with MSA and environmental standards.

Why 3rd party transceivers?

OEM 's such as HP, Cisco, 3Com (HP) and many others don 't make any transceivers themselves but relabel standard products and add huge margins. We have decided to give our customers a choice. Buy original or save up to 60 % and get high quality products with:

- 10 Year warranty
- 100% Compatability
- Availability from our extensive stock
- High Quality - all products are tested
- Huge savings on quality alternatives to "originals"

Buying MicroOptics Transceivers from EET Nordic does not mean your equipment warranty is void.

- ****100% Cisco/Linksys Compatible****
