- **Included Accessories:** 2 x AAA Batteries, Quick start guide, Remote Control, User Manual, RF antenna cable, Warranty Leaflet

Dimensions

- **Weight incl. Packaging:** 6 kg
- **Product dimensions (WxDxH):** 435 x 344 x 100
- **Product weight:** 5.2 kg

Product highlights

Dual Media

Philips DVD Recorders support 'dual media' recording - the ability to create recordings on DVD+R/RW, DVD-R/RW and DVD+R DL discs. Now you can buy any disc and the Philips recorder will always create fully compatible recordings that can be played by any DVD player.

Direct Dubbing

Having a Direct Dubbing button allows the user to start recording from the DVD disc without a complicated menu system selection or input/output selection for separate formats.

i.LINK digital input

Also known as IEEE 1394 and FireWire, i.Link carries all audio and video signals via a single cable digitally, with no loss in picture and sound quality. With i.Link digital video input, you can copy your home videos in their original digital picture quality.

USB Direct

Simply plug your device into the USB port on your Philips DVD system. Your digital music and photos will be played directly from the device. Now you can share your favourite moments with family and friends.

VIDEO Plus+

With the VIDEO Plus+ system, all you need to do to program your video recorder is to enter the "Pluscode" - a single code of up to nine digits (but usually less) that is printed next to each TV programme in most TV guides.
