

MPN: KAB018-305

SSTP, CAT6, 305m, PVC, Stranded, CCA

The KAB018-305 is a high-performance S/FTP CAT6 network cable, supplied in a convenient 305-meter length. This cable is designed for reliable data transmission, utilizing stranded wires for enhanced flexibility and durability during installation. The grey PVC jacket provides robust protection against wear and tear. As a CAT6 cable, it supports Gigabit Ethernet speeds, making it ideal for demanding network environments in homes, offices, or data centers.

MicroConnect brings over 20 years of expertise to this cable, ensuring premium quality and performance. Benefit from secure and stable connections with this European-designed cable, a cornerstone of any modern network infrastructure. The shielding (S/FTP) further reduces interference for optimal data integrity.
