The Neomounts by Newstar pole, model FPMA-D935POLE is a 70 cm high pole to replace the supplied 45 cm pole which is included with selected Neomounts by Newstar deskmount series. Ideal to increase the height adjustment of monitor mounts with 25 extra centimetres! Using this pole does not only allow enormous height adjustment but multiple screen mounts as well. The pole can be mounted to the desk with a desk clamp.

The diameter of this pole is 3,5 cm. This mount must be purchased separately from the desk mount.

This model is suitable for the following Neomounts by Newstar desk mounts:
FPMA-D935 and FPMA-D935D

All installation material is included with the product.
