

MPN: MMH3806/2GB

## 2GB Memory Module NON-ECC, DDR3 PC3 12800, 204PINS, SO-DIMM

In CoreParts you will find a wide range of alternative RAM modules all using original chip sets, that match the performance of your original RAM modules with different sizes, and capacities, manufactured by high-end, certified and trusted suppliers.

- High Quality
- Tested and certified
- Matching Performance
- Reliable with 10 years Warranty

## Specifications

|                        |                                     |                 |
|------------------------|-------------------------------------|-----------------|
| Features               | CAS latency                         | 11              |
|                        | Component for                       | Notebook        |
|                        | ECC                                 | No              |
|                        | Internal memory                     | 2 GB            |
|                        | Internal memory type                | DDR3 PC3 12800  |
|                        | Linux operating systems supported   | Yes             |
|                        | Memory clock speed                  | 1600 MHz        |
|                        | Memory form factor                  | 204PINS SO-DIMM |
|                        | Memory layout (modules x size)      | 1 x 2 GB        |
|                        | Memory type                         | PC3-12800       |
|                        | Memory voltage                      | 1.5 V           |
|                        | Module configuration                | 256M x 8        |
|                        | Product colour                      | Green           |
|                        | Windows operating systems supported | Yes             |
| Operational conditions | Operating relative humidity (H-H)   | 10 - 80 %       |
|                        | Operating temperature (T-T)         | 0 - 85 °C       |
|                        | Storage relative humidity (H-H)     | 10 - 80 %       |
|                        | Storage temperature (T-T)           | -25 - 95 °C     |
| Other features         | Capacity                            | 2 GB            |
|                        | Chips organisation                  | 256*8           |
|                        | Number of pins                      | 204             |
| Packaging data         | Package type                        | SO-DIMM         |
| Vendor information     | Brand Name                          | CoreParts       |
|                        | Warranty                            | 10 Year(s)      |
