• with Lightning connector
• for iPod/iPhone/iPad
• CD, MP3-CD, USB, FM
• 80W max, 2.1 system

DCM3175/12

Sound that fits your home

Obsessed with sound

Compatible with the iPhone 5 & iPad mini's Lightning connector, this Philips micro sound system features an active subwoofer for powerful bass. The angled speaker design gives a wide stereo sound and the mono block design fits any home.

Benefits

Enrich your sound experience

• 2.1 system with a built-in subwoofer
• 80W RMS maximum output power
• Digital Sound Control for optimized music style settings

Enjoy your music from multiple sources

• Fast charging and play music via Lightning connector
• USB Direct for MP3/WMA music playback

• Audio-in for portable music playback
• Play MP3/WMA-CD, CD and CD-RW
• FM digital tuning with presets

Design that blends into your interior

• Mono block design to fit in anywhere at home

PHILIPS

Features

Play and charge via Lightning

Enjoy your favorite music while charging your iPod/iPhone/iPad via the new Lightning connector! Just dock it directly on the speaker to play your hand-picked tunes in superb sound. It also charges your device quickly while playing, so you don't have to worry about the battery running out.

USB Direct

With the USB Direct mode, simply plug in your USB device to the USB port on your Philips device and your digital music will be played directly from the Philips device.

Audio-in

The Audio in connectivity allows direct playback of Audio in content from portable media players. Besides the benefit of enjoying your favorite music in the superior sound quality delivered by the audio system, the Audio in is also extremely convenient as all you have to do is to plug your portable MP3 player to the audio system.

Digital Sound Control

Digital Sound Control offers you a choice of pre-set Jazz, Rock, Pop and Classic controls you can use to optimise the frequency ranges for different musical styles. Each mode uses graphic equalizing technology to automatically adjust the sound balance and enhance the most important sound frequencies in your chosen music style. Ultimately, Digital Sound Control makes it easy for you get the most out of your music by precisely adjusting the sound balance to match the type of music you are playing.
