

Headphones with mic

- High resolution audio
- In-ear
- Ultra-soft silicone caps
- Flat cable

S1/00

High fidelity, premium quality

Wherever you go

Philips Fidelio S1 headphones are precisely engineered to deliver natural, balanced sound, revealing every details as the artist intended. Amazing sound presented in a lightweight yet durable design for true comfort and pleasure on the go.

Benefits

Designed for precision

- High Resolution audio reproduces music in its purest form
- High-powered 13.5mm neodymium drivers for exceptional sound
- Semi-closed back design for sound balance and bass extension
- Handpicked, tuned and tested drivers for a precise match
- Engineered metal housing reduces vibration and resonance

Listen in comfort

- Elasticized ring for in-ear stability and super secure fit
- Ergonomic earphones fit perfectly while dispersing pressure

- Lightweight aluminum housing with refined brushed finish
- Comply™ Foam Tips for superb custom fit and noise isolation
- Ultra-soft silicone tips in 3 sizes for a custom, snug fit

Created for convenience

- Switch between music and calls with in-line control and mic
- Durable flat cable keeps your headphones tangle free
- Protective pouch to store your headphones when not in use

PHILIPS

Features

13.5mm neodymium drivers

Each speaker driver is carefully hand picked, tuned and tested before being paired to ensure delivery of the most balanced, natural sound. The 13.5mm drivers utilize high power neodymium magnets to deliver deep bass impact, transparent mid-range and refined high frequencies.

Semi-closed back design

The semi-closed back architecture combined with large, premium-quality drivers, ensure greater bass extension, while the design itself is optimized to minimize sound leakage. Front pressure equalization channels allow for more detailed and balanced sound, which reduces the occlusion effect for a more natural listening experience.

Handpicked, tuned and tested

Each speaker driver is specially tested and hand picked as ideal stereo pairs, together delivering superbly deep bass, transparent mid-range and refined high frequencies.

Engineered metal housing

The metal housing is meticulously engineered to reduce resonance and vibration, delivering authentically precise sound marked by incredible sound detail.

Elasticized ring

Ergonomic earphones

The Fidelio S1 earphones are ergonomically shaped to fit your ear's natural curve, all the while dispersing pressure. Its lightweight aluminum construction and superior materials ensure long-lasting comfort, allowing you to experience true comfort as you enjoy your music to the fullest.

Lightweight aluminum housing

In-line control and mic

The Fidelio S1 in-ear headphones feature an in-line remote and microphone so you can switch easily between your music and calls. Stay connected with important people – and your music, always.

Soft and durable flat cable

Every aspect of your Fidelio in-ear headphones is carefully designed for an exceptional music enjoyment experience – always. Its innovative dual-color flat cable – made from high quality, durable yet stylish material – has anti-tangle properties, allowing you to freely get into your music on the go, without spending any time and energy sorting out the cable. Smart, smooth and easy all the way.

Comply™ Foam Tips

Enhance your listening experience with the bypacked Comply™ Foam Tips. The tips provide stay-in-place fit coupled with amazing all-day comfort, while providing noise insulation, allowing you to tune out from the world and into your music.

3 sizes of soft silicone tips

The Fidelio S1 in-ear headphones come with 3 pairs of acoustically sealed silicone tips to ensure a snug fit as well as longer wearing comfort.

Protective pouch included

Your Fidelio in-ear headphones come with its very own stylish and protective carrying pouch. Made from custom-molded EVA, you can rely on this durable pouch to keep your Fidelio headphones safe – and in style – always.
