## Features

### Bluetooth headset compatible

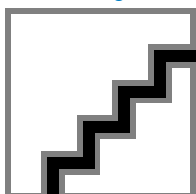

Make long calls or multitask while you're on the phone – hands-free and in comfort. Simply use your Bluetooth headset or connect an iPhone-compatible corded headset to your Philips home phone.

### Clear mobile calls everywhere

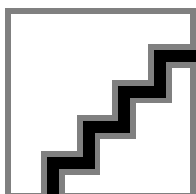

### Convert songs into ringtones

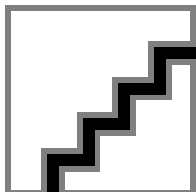

It's easy to replace or add to the high-quality pre-loaded ringtones to personalise the sound of your incoming calls. Our PC/Mac software easily converts any MP3 track into your new ringtone.

### Crafted with aluminium

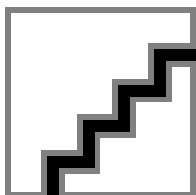

Crafted for comfort and durability with lightweight aluminium

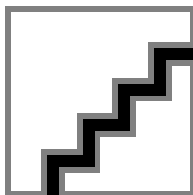

### Extra-large phonebook

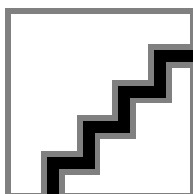

### HQ-Sound with MySound-Pro

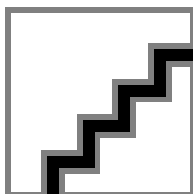

### All calls on one phone

### 9 cm/3.5" touch screen

### Easy phone book download

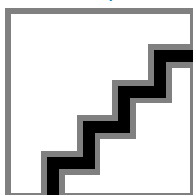

With Philips MobileLink technology you can download and access up to 500 contacts from each of your two connected mobile phones, plus an additional 1000 contacts from your PC. You can save up to three numbers per contact from these sources – so that's a total of 6000 phone numbers! Save your finger from typing each number with MobileLink's easy transfer feature!

### Blacklist unwanted calls

If you value your privacy, peace and quiet when at home, you'll appreciate these functions that let you disable ringtones according to your specified "no call" times or for specific callers. Enjoy dinner with the family or a well-earned nap knowing that this precious time won't be interrupted by phone calls.

### Firmware Update

A phone that keeps getting better. Free updates introduced via the Philips Phone Manager. New requested features (e.g. Screen lock), bug fixes and improvements (e.g. Alarm clock, Contacts sorting and synchronisation, Touch sensitivity) Wider OS support (MAC, Windows 8).
