

MP3 player with FullSound™

- Mix
- 4GB*

SA5MXX04KF/37

Carry your music in any pocket

with built-in clip for music on the go

The GoGEAR Mix takes your music and puts it into any pocket. The slim player makes files transfer a breeze via Direct USB, requiring no cables. It also features a convenient built-in clip, an LCD display and 10 hours of playback time.

Benefits

Superb quality sound

- Fullsound™ to bring your MP3 music to life
- MP3 and WMA playback

Complements your life

- 2.5cm/1" LCD screen for intuitive and enjoyable navigation
- Enjoy up to 10-hour music playback
- FM radio with 30 presets for more music options
- Voice recording to take notes or record anything, anytime
- Built-in clip for convenient attachment

Easy and intuitive

- Direct charging from PC via USB
- Songbird: one simple program to manage music
- Shuffle your songs for a surprising sequence every time
- Quick 6-minute charge for 60 minutes of play
- Integrated USB plug for no-fuss connection to your PC/Mac

PHILIPS

Features

FullSound™

Philips' innovative FullSound technology faithfully restores sonic details to compressed MP3 music, dramatically enriching and enhancing it, so you can experience CD music without any distortion. Based on an audio post-processing algorithm, FullSound combines Philips' renowned expertise in music reproduction with the power of the latest generation Digital Signal Processor (DSP). The result is fuller bass with more depth and impact, boosted voice and instrument clarity, and rich detail. Rediscover your compressed MP3 music in true-to-life sound that will touch your soul and move your feet.

2.5cm/1" LCD screen

Up to 10-hour music playback

Jive to endless hits with your GoGEAR player. A compact rechargeable battery is built in for long-lasting power. Up to 10 hours of continuous music playback can be enjoyed with a single charge. Just plug the power cable in to recharge the player – it's that simple.

FM radio with 30 presets

Digital FM radio offers you additional music options to your music collection on your GoGEAR. Simply tune into the station that you want to preset, press and hold the preset button to memorize the frequency. You can preset up to 30 radio stations and enjoy your favorite programs whenever you go.

Voice recording

Voice recording converts your GoGEAR player into a handy dictation machine. Besides playing music or listening to radio, you can also record notes or

reminders for work or school, record shopping lists and phone numbers – even song lyrics. By pressing the recording button and speaking into the built-in microphone, voice messages are compressed and stored in the built-in internal memory. Voice recording gives you a highly portable voice recorder allowing you to record anything, anytime and anywhere!

Built-in clip

Direct charging from PC

Charge your GoGEAR player battery quickly and easily from your PC via USB. By connecting your player to your PC with the cable provided and following the necessary prompts, your PC will provide the power for charging your player within a few seconds. Enjoy the convenience of doing away with a separate recharger.

Songbird

Shuffle your songs

Fast charging (60 mins)

Sometimes, you just need your GoGEAR player to take you from home to office and back again or for a short run – but you forgot to charge it last night. Say goodbye to frustration and boring, silent journeys with Fast Charge. Philips' smart and convenient solution lets you plug your GoGEAR to your PC or USB charger for just 6 minutes and in return, you get a whopping 60 minutes of audio playback! Fast Charge works by relying on much higher current levels to give your lithium-ion battery the power it needs to tide you over in a jiffy ... and keep the music going.

Integrated USB plug
