

MPN: MMDDR-400/512MB-64M8

## 512MB Memory Module 400Mhz DDR OEM DIMM

In CoreParts you will find a wide range of alternative RAM modules all using original chip sets, that match the performance of your original RAM modules with different sizes, and capacities, manufactured by high-end, certified and trusted suppliers.

- High Quality
- Tested and certified
- Matching Performance
- Reliable with 10 years Warranty

### Specifications

|          |                                |              |
|----------|--------------------------------|--------------|
| Features | CAS latency                    | 3            |
|          | Component for                  | PC/server    |
|          | Internal memory                | 0.5 GB       |
|          | Internal memory type           | DDR          |
|          | Memory bus                     | 64 bit       |
|          | Memory clock speed             | 400 MHz      |
|          | Memory form factor             | 184-pin RIMM |
|          | Memory layout (modules x size) | 1 x 0.5 GB   |
|          | Memory voltage                 | 2.6 V        |
|          | Product colour                 | Green        |
|          | Vendor information             | Brand Name   |
| Warranty |                                | 10 Year(s)   |
