Giving light a new experience

Graceful lines and an elegant matt chrome color describe this minimalistic Philips Ledino suspension light. It casts powerful warm white LED light and you can dim the light for a stunning ambiance. Its unusual shape brings a modern look into your home.

Elegant design meets innovative technology

- Fusion between light and design

High quality light

- Warm white light
- Diffused light effect
- Adjustable light intensity with dimmer switch
- Philips offers 5 year warranty on the LED module and driver

Sustainable light solutions

- Extremely long operating life
- Saves up to 80% energy

Special characteristics

- Adjustable height

PHILIPS

Highlights

Light and design

This design lamp has light with a minimalist essence that defies traditional boundaries, creating light and lightforms of inspiring purity and beauty.

Warm white light

This light uses the very latest lighting technology by Philips with the new warm white state-of-the-art high power LEDs providing a glow of light with a colour temperature of 2700 Kelvin.

Diffused light effect

The diffused light of the Philips lamp will illuminate your room with warm white light, allowing you to combine functionality and respect for the environment.

Dimmable

Adjust the light intensity of the Philips LED lights with a dimmer switch (not included). This makes this light ideal for creating an ambience for any occasion, whether a cosy meal à deux or chilling out with family and friends in your living room. Philips tested a number of wall dimmers that have proved to be compliant with our LED lights. A list of compatible dimmers is available in the downloads and support section.

Extremely long operating life

A light source you can trust. Philips LED lights offer an extremely long-life of at least 20.000 hours (which equals 20 years on basis of an average use of 3 hours / day with an amount of at least of 13.000 on/off switching cycles). With the Philips LED lights you won't have to worry

about maintenance or lamp replacement while having the perfect light ambience in your home.

Saves up to 80% energy

The LED lighting technology used in Philips lighting fixtures is highly energy-efficient (7.5 W module produces 350 Lumen). As a result, every lighting fixture conserves energy, helping consumers to save money on their electricity bills and contribute to preserving the environment. For home lighting that's energy-efficient and provides great light in a range of contemporary designs, look for Philips LED products.

Adjustable height

This Philips light is delivered with long cables to offer you a maximum flexibility during installation. Choose the perfect height matching your needs.

Specifications

Design and finishing

- Material: metal
- Color: matt chrome

Extra feature/accessory incl.

- Dimmable
- LED integrated
- Adjustable height

Product dimensions & weight

- Height minimum: 0.1 cm
- Height maximum: 195 cm
- Length: 100.4 cm
- Width: 4.0 cm
- Net weight: 1.140 kg

Technical specifications

- Mains power: Range 220 V - 240 V, 50-60 Hz
- Bulb technology: LED, Safety Extra Low Voltage
- Number of bulbs: 2
- Wattage bulb included: 6.5 W
- Light color: warm white
- Lamp lifetime up to: 20,000 hrs

- Beam angle: 85°
- Total lumen output fixture: 420 lm
- Fixture dimmable
- LED
- IP code: IP20, protection against objects bigger than 12.5 mm, no protection against water
- Class of protection: I - earthed
- Light source equivalent to traditional bulb of: 42 W

Service

- Warranty: 2 year(s)

Packaging dimensions & weight

- Height: 17.4 cm
- Length: 103.8 cm
- Width: 10.6 cm
- Weight: 1.700 kg

Miscellaneous

- Especially designed for: Living- & Bedroom
- Style: Modern
- Type: Suspension light

Issue date 2015-12-13
