Saving in style

design lamp

Transparency and elegance define this dimmable Ecomoods clear glass pendant. The simple yet straightforward design adds a contemporary touch to your interior. With warm energy-saving light it provides precious light for precious occasions.

Benefits

Save energy and money

- Saves up to 80% energy
- Ultra-long bulb life
- Robust and reliable

Indulge your sense of style

• Stylish contemporary designs

• Transparent

Bathe your home in warm light

- Diffused warm white light
- Adjustable light intensity with dimmer switch

Features

Saves up to 80% energy

The big advantage of fluorescent lighting is its energy efficiency. A fluorescent lamp consumes just one fifth of the energy of a conventional bulb. That means installing Philips fluorescent lighting in your home to replace standard bulbs will reduce your lighting electricity bill by around 80%!

Ultra-long bulb life

Philips bulb included with an ultra-long bulb life, up to 8000 hours.

Robust and reliable

Built to last. Every piece in the Philips Ecomoods lighting collection uses highquality materials and components. Now with Philips Ecomoods, you can buy a highly qualitative lighting fixture that lasts and lasts.

Stylish contemporary designs

Ecomoods has a clean, contemporary look that breaks the mould of traditionally bulky and unattractive energy-saving products. Slim and chic, each design lamp in the collection has been carefully designed as the perfect combination of form and function.

Diffused warm white light

This light uses the latest energy-saver lamp technology by Philips to provide a flood of warm white natural light. Its diffused light will illuminate your room with warm white light, allowing you to combine functionality and respect for the environment. Diffused light is perfect for general illumination.

Dimmable

Adjust the light intensity of this Philips light with a dimmer switch (not included). This makes the light ideal for highlighting a feature or creating an ambience for any occasion, whether a cosy meal à deux or chilling out with family and friends in your living room.

Transparent

Based on glass material, transparent allows light to shine through, giving a clear and light perspective to any interior.

Specifications
