PHILIPS

Highlights

Forms and materials

Philips inStyle lighting fixtures are designed to fit perfectly with the best of all interior decoration, offering multiple styles to blend perfectly in anyone's home. With many applications and finishes, it combines well with features like curtains, furniture, paint and accessories to complete the look you desire. Carefull attention to details and designs helps you to express your personal style, for interior decoration just the way you want it. This means inviting ambience and surroundings that friends, family and you will enjoy.

Multiple applications

If you enjoy design, and like to experiment with the latest styles and themes in your home, try Philips inStyle. It's a range of decorative suspension lights, wall lights, ceiling lights, floor and table lamps in premium materials and different colors.

High Power LED

The LED module of this lamp is a uniquely developed solution by Philips combining 3

LEDs in a synthetic and aluminium housing. This technique enables an optimal light output and a 100% uniform light colour.

Warm white light effect

Light up your home with warm white light effects thanks to the latest LED innovation. Philips introduces the latest generation of warm white light high power LEDs, reaching a colour temperature of 2700 Kelvin. This innovation brings the Philips lighting fixtures to the next level, allowing you to combine elegance and ambience creation with light and energy efficiency.

Bi-directional light

This lamps combines functional decorative light with orientation light. Thanks to the two discreetly integrated buttons, you can easily switch between a reading light and a decorative light or even switch both of them on.

High light quality

A LED lighting module of 7.5W produces the equivalent light output as an 40W incandescent lamp (350 Lumen). Save energy with strong light output.

Energy saving

This Philips light conserves energy compared to traditional light sources, helping you to save money on your electricity bills and do your bit for the environment.
