PHILIPS

Features

Saves up to 80% energy

The big advantage of fluorescent lighting is its energy efficiency. A fluorescent lamp consumes just one fifth of the energy of a conventional bulb. That means installing Philips fluorescent lighting in your home to replace standard bulbs will reduce your lighting electricity bill by around 80%!

Ultra long bulb life

Philips bulb included with an ultra long bulb life, up to 12.000 hours.

Robust and reliable

Built to last. Every piece in the Philips lighting collection uses high quality materials and components. With this Philips lamp, you can buy a highly qualitative lighting fixture that lasts and lasts .

Stylish contemporary designs

This Philips lamp has a clean, contemporary look that breaks the mould of traditionally bulky and unattractive energy savings products. Slim and chic, each design lamp in the collection has been carefully designed as the perfect combination of form and function.

Diffused warm white light

This light uses the latest energy-saver lamp technology by Philips to provide a flood of warm white natural light. Its diffused light will illuminate your room with warm white light, allowing you to combine functionality and respect for the environment. Diffused light is perfect for general illumination.

Deep orange

Neutral and calm, deep orange is perfect to add a touch of warmth to your interior.
