Features

Activity indicator

An appealing LED indicator shows you the drive is properly connected and working, and pulsates faster when copying files to or from its memory.

512GB storage capacity

A useful 512GB gives you the capacity to swap, share and save much larger or more files via the USB port of your PC or laptop.

Ultra-fast data transfer SSD

The high-speed data transfer rates of the Philips solid state drive significantly cut down annoying waiting time when you're copying large multimedia files to or from your computer's hard disk.
