- Rounded tips and combs prevent skin irritation
- Corded and cordless use
- Self-sharpening blades
- Battery light shows the battery status
- Fully washable for easy cleaning
- Travel and storage pouch
- Rubber grip for maximum control

PHILIPS

Features

180° rotating head

The rotating head gives you total control over the clipper's angle, so you can turn the head to reach even the most difficult areas with ease.

Head shave attachment

Get a perfectly smooth shave without nicks or cuts. Simply clip on the head shave attachment for a flawless finish every time.

14 lock-in length settings

Turn the integrated zoom wheel beneath the clipper's head to select and lock in the length setting you want. Two combs provide length settings from 1mm to 15mm, with precisely 2mm between each length. Use the special precision comb for buzz cut...or use the clipper without a comb for a close 0.5mm trim.

Precision comb

Extra precision for the extra short hairstyles with a dedicated comb (lengths setting from 0.5mm to 3mm, with 0.5 mm steps).

Skin-friendly

The rounded edges on the blades and combs are designed to avoid scratching the skin for a more comfortable trim.

Corded & powerful cordless use

Use it cordless or plugged in.

Self-sharpening blades

The self-sharpening, stainless steel blades stay sharp longer and ensure top cutting performance.

Li-ion battery power

Use with or without cord for flexibility. The powerful lithium ion battery lasts for up to 60 minutes after a 1 hour charge. A quick 10 minute charge gives you 10 minutes of clipping time, so it's always ready when you are.

Battery light

Battery light glows white when full and blinks orange when 10 minutes remain.

100% Washable

Conveniently washes under the tap for a thorough clean.

Travel and storage pouch

The travel pouch protects your clipper during traveling and storage.

Rubber grip

The soft-touch rubber grip ensures optimal hold, for better control when operating.

Built to last

All of our grooming products are built to last. They come with a 2-year worldwide guarantee, worldwide voltage compatibility.
