Highlights

Sterilises in just 90 seconds

Each reusable microwave steam sterilising bag can be used to sterilise bottles, breast pumps and other baby products in just 90 seconds*

Kills 99.9% of germs

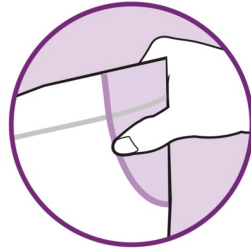

Each microwave steam steriliser bag is proven to kill 99.9% of germs and bacteria.

Check box

Each bag includes a tick box. By ticking the tick box you can quickly and easily keep track of the number of times each bag has been used.

Safe handling zone

Each bag has a Safe handling zone. This is a marked area on the bag where it can be picked up safely straight from the microwave.

Up to 100 uses per pack

Each pack of microwave steam sterilising bags includes five individual bags, and each bag can be used up to 20 times. This means that you will be able to sterilise baby bottles, breast pumps and other accessories up to 100 times with just one retail pack.
