

## Deep bass, defined sound

With DJ monitoring style

Engineered for uncompromised audio delivery, the SHL3300 features 40mm neodymium drivers and is equipped for 2200mW power - offering defined bass and precision sound with no distortion. Auto-return earshells rotate 165° for easy monitoring.

### The perfect listening experience

- 2200mW high power handling: no distortion even at high volume
- 40 mm neodymium speaker drivers for deep and defined bass
- Closed-back system blocks out ambient noise
- Single-sided DJ monitoring style for easy tuning in & out

### Comfortable for long use

- Adjustable earshells and headband fits the shape of any head
- Breathable ear cushions for longer listening comfort
- Soft 95mm diameter cushions for extended comfort
- Wide, lightweight headband with EVA foam for comfortable fit

### Convenient and durable

- 1.5m coiled cable for extra flexibility and durability
- Auto-return earpieces restores original positions after use
- Compact foldable design for easy storage on the go
- Tested with 8,000 cable bends for assured durability

# PHILIPS

# Highlights

## 1.5m coiled cable

Enjoy greater freedom of movement with a 1.5m long coiled cable. The coil also reduces the strain on parts caused by pulling, while providing the extra length without the mess of entangled cables.

## 2200mW high power handling

High power handling hands you high performance – no matter what the volume, no matter what the source. Listen to all your music from MP3 players, smartphones, home audio devices and mixing boards. Even at high volumes, or with high audio input power, delivery is clear and distortion-free.

## 40mm neodymium drivers

Neodymium drivers boast of an outstanding frequency response that imparts crisp high tones, and bass that is effortlessly extended and defined. Sound separation is also remarkably clear, letting you hear each note at precisely the right moment – for a professional touch to track mixing, or for immersive enjoyment of favorites on the go.

## Adjustable earshells headband

Adjustable earshells and headband fits the shape of any head

## Auto-return earpieces

Auto-return earpieces restores original positions after use

## Breathable ear cushions

Breathable ear cushions for longer listening comfort

## Closed-back system

Closed-back system blocks out ambient noise

## Compact foldable design

Made to give you the best experience on the go, the DJ monitoring style headphones can be folded away for perfect portability and easy storage. Clever design and careful selection of components, like the well-built hinges, allow the headphone parts to be maneuvered with ease. The SHL3100 can be folded flat, while the higher end SHL3200 and 3300 can be folded into more compact forms.

## DJ monitoring style

Single-sided DJ monitoring style for easy tuning in & out

## Durable cable

Engineered for robustness and performance, these headphones promise sound experiences that wouldn't let you down. Cable systems are developed to withstand strong tugging and repeated bending – stresses beyond those encountered in daily use. To ensure this, all cable designs undergo a rigorous test of 8,000 bends.

# Specifications

## Sound

- Acoustic system: closed
- Frequency response: 18 - 25,000 Hz
- Impedance: 32 Ohm
- Magnet type: Neodymium
- Maximum power input: 2200 mW

- Sensitivity: 108 dB
- Speaker diameter: 40 mm

## Connectivity

- Cable Connection: one-sided

Issue date 2015-09-11

Version: 2.0.9
