

Philips
Bottle feeding essentials

SCD283

Bottle feeding made easy

Clean & sterilise your bottles and teats, feed your baby, and keep your bottles cold or warm when travelling, thanks to the Philips AVENT Bottle Feeding Essentials Set.

Benefits

Clean & Sterilise

- Microwave steam steriliser
- Curved brush head and moulded tip

Feed

- Bottles clinically proven to reduce colic

Travel

- Neoprene ThermaBag (Black)
- Milk powder dispenser

PHILIPS

Features

Microwave steam steriliser

Compact and lightweight (fits most microwaves); convenient for travel; large capacity (holds 6 Philips AVENT bottles); ultra fast; easy to use (just add water, load and place in the microwave); safe, easy handling (side grips close the lid securely)

Bottles clinically proven

Unique anti-colic system consists of the Philips AVENT teat and adapter ring allowing air to flow into the bottle instead of your baby's tummy for better digestion.***

Neoprene ThermaBag (Black)

Holds 2 Philips AVENT Bottles, 2 toddler cups or 4 storage cups and ensures bottles stay warm or cool (storage of cold expressed breast milk/formula or pre-boiled hot water for up to 4 hours).

Milk powder dispenser

This handy little unit carries 3 pre-measured portions of milk powder in separate compartments. When you're ready to feed, just pour the powder into the bottle of pre-boiled cooled water. Remove inner sections to use as a bowl or container.

Bottle and teat brush

Specially curved brush head and moulded handle-tip reach the corners of all types of bottles, teats and feeding equipment for thorough cleaning.
