Highlights

100% waterproof

Shave or trim your beard where you want to, wet or dry. When you're done, just rinse it off under the tap.

Beard and stubble trimmer

A full size (32mm) Philips beard and stubble trimmer with 12 adjustable length settings from 0.5mm to 10mm makes it easy to get exactly the length you want. Turn the wheel to lock-in your perfect length setting. The durable metal trimmer with skin-friendly rounded edges guarantees a precise and even trim.

Built to last

All of our grooming products are built to last. They come with a 2 year worldwide guarantee, worldwide voltage compatibility, and they never need to be oiled.

Dual foil shaver with trimmer

The dual foil shaver makes it easy to clean up stubble around your beard, even on your neck. The mid trimmer catches longer, tougher hairs and the 2 floating foils shave everything else perfectly smooth.

Reversible trimmer

Take off the adjustable length comb, and there's a reversible precision trimmer underneath. One side is a 32mm high-

performance trimmer. Turn it around, and there is a 15mm wide precision trimmer – perfect for getting into small spaces, like under your nose or around your mouth. It's designed to cut very close while still protecting your skin, and it's small size and angled design make it easy to see what you are doing for fine lines and details.

Battery light

Battery light glows light blue when full and blinks orange when 10 minutes remain.

Skin-friendly high-performance

The steel blades of the electric shaver lightly brush against each other, so they sharpen themselves as you trim! The blades stay extra-sharp to always cut hairs neatly and effectively, but have rounded blade tips and combs to prevent skin irritation.
