#### **Enjoy the comfort of a clean car**

- Gift bag with car cleaning kit

# PHILIPS

# Highlights

## Powerful cleaning

Highly efficient 2200 Watt motor generates max. 500 Watt suction power for perfect cleaning results.

## HEPA AirSeal, HEPA 13 filter

This Philips vacuum cleaner has been designed in such a way that all the air taken in is passed through the washable HEPA 13 filter (99.95% filtration) before it is exhausted. No escape is possible.

## s-bag in XXL 4 liter

This large dust bag capacity allows you to make optimal use of your dust bag, which means you have to change your dust bag less frequently.

## TriActive nozzle

The TriActive nozzle cleans your floor in 3 ways in one go: 1) A larger opening at the tip of the nozzle easily sucks up big bits. 2) It has maximum cleaning efficiency due to optimized airflow through the nozzle. 3) The two side brushes sweep up the dust and dirt closely alongside furniture and walls.

## Car Cleaning Kit

Every Special Edition Performer comes with a gift bag containing a car cleaning kit. This complete set of tools is of great use while cleaning your car. For different surfaces in your car special nozzles are included in the kit. All nozzles can be easily attached to your Special Edition Performer. Tools include a microfibre cleaning glove, an adjustable brush, an extra long crevice tool, a universal nozzle, and a special upholstery nozzle.

# Specifications
