HTL7180/F7

Cinematic surround sound, wirelessly

with detachable speakers

HTL7180 is Philips' first soundbar with real surround sound from wireless detachable speakers. Enjoy the freedom of casual and temporary placement of the surround speakers only when you need.

Benefits

Richer sound for watching TV and movies

- Virtual Surround Sound for a realistic movie experience
- Dolby Digital and Pro Logic II surround sound
- Surround on Demand - detachable wireless surround speakers
- Wireless subwoofer for clutter free placement

Designed to enhance your living space

- Minimalistic chic design to suit a modern decor

- Orientation sensor ensures the best sound in any placement

Connect and enjoy all your entertainment

- Connect to HDMI x 2 for great picture and sound quality
- Wireless music streaming via Bluetooth

PHILIPS

SoundBar

Features

HDMI x 2

Enjoy larger-than-life 3D playback and crystal-clear 5.1 or 7.1 audio by simply plugging our player's audio HDMI x 2 output to the connection in your non-3D AV receiver.

Virtual Surround Sound

Philips Virtual Surround Sound produces rich and immersive surround sound from less than five-speaker system. Highly advanced spatial algorithms faithfully replicate the sonic characteristics that occur in an ideal 5.1-channel environment. Any high quality stereo source is transformed into true-to-life, multi-channel surround sound. No need to purchase extra speakers, wires or speaker stands to appreciate room-filling sound.

Bluetooth

Bluetooth is a short range wireless communication technology that is both stable and energy efficient. The technology allows for easy wireless connection to other Bluetooth devices, so you can play your favorite music from any smartphone, tablet or laptop, including the iPod or iPhone with a Bluetooth-enabled speaker.

Specifications

Please note that this is a pre-sales leaflet. The contents of this leaflet reflect the best of our knowledge per date and country mentioned above. The contents of this leaflet are subject to change without notice. Philips does not accept any liability as to the contents of this leaflet.

Orientation sensor

The quality of your sound experience is determined by how the soundbar is positioned in a room. Luckily, this system comes with a smart auto-orientation sensor that instantly optimizes audio quality once it detects whether your soundbar is placed horizontally or vertically. So, whether you choose to sit your soundbar on a shelf or mount it on a wall, you can be sure you'll always have a superb audio experience.
