Powerful cinematic surround sound with deep sound

Bring the power of the cinema into your home! Pump up your home entertainment experience with speakers with double basspipes offering powerful 1000W surround sound and in Full HD 1080p with DVD Disc playback.

Great listening experience

- 1000W RMS power delivers great sound for movies and music
- Dolby Digital for ultimate movie experience
- Exposed speaker drivers for powerful surround sound

Simply enjoy all your entertainment

- DivX Ultra Certified for enhanced DivX video playback
- Plays DVD, VCD, CD and USB devices
- HDMI for high definition movies and picture quality
- EasyLink to control all HDMI CEC devices via a single remote
- Karaoke for endless singing entertainment at home
- Audio in to enjoy music from iPod/iPhone/MP3 player

Designed to enhance your cinema at home

- Wireless rear speakers option for clutter free placement
- Modern design to complement your home environment

PHILIPS

Highlights

Dolby Digital

Because Dolby Digital, the world's leading digital multi-channel audio standards, make use of the way the human ear naturally processes sound, you experience superb quality surround sound audio with realistic spatial cues.

1000W RMS power

1000W RMS power delivers great sound for movies and music

Plays it all

Play virtually any disc and any media devices you want - whether they be DVDs, VCDs, CDs or USB devices. Experience the unbeatable convenience of great playability, and the luxury of sharing media files on your TV or home theater system.

HDMI for HD movies

HDMI is a direct digital connection that can carry digital HD video as well as digital multichannel audio. By eliminating the conversion to analog signals it delivers perfect picture and sound quality, completely free from noise. Movies in standard definition can now be enjoyed in true high definition resolution - ensuring more details and more true-to-life pictures.

EasyLink

EasyLink lets you control multiple devices like DVD players, Blu-ray players, soundbar speaker, Home theater and TV's etc. with one remote. It uses HDMI CEC industry-standard protocol to share functionality between devices through the HDMI cable. With one touch of a button, you can operate all your connected HDMI CEC enabled equipment simultaneously. Functions like standby and play can now be carried out with absolute ease.

Wireless rear speakers option

Wireless rear speakers give you scalability and mobility in speaker placement. Developed using interference-free technology, wireless speakers provide full surround sound without unsightly wire connections.

DivX Ultra Certified

With DivX support, you are able to enjoy DivX encoded videos and movies from the Internet, including purchased Hollywood films, in the comfort of your living room. The DivX media format is an MPEG-4 based video compression technology that enables you to save large files like movies, trailers and music videos on media like CD-R/RW and DVD recordable disc for playback on your DivX Ultra Certified Philips Blu-ray or DVD player. DivX Ultra combines DivX playback with great features like integrated subtitles, multiple audio languages, multiple tracks and menus into one convenient file format.
