Steam iron with OptimalTemp technology and T-ionicGlide soleplate
Steam 50g/min; 200g steam boost T-ionicGlide soleplate, Safety Auto off + Anti-calc, Safe for all ironable garments

Highlights

OptimalTemp technology

The latest revolution in ironing to deliver the perfect combination of steam and temperature. It's made to ensure you with speedy ironing, great results on tough creases, no setting required and safe on all ironable fabrics. The perfect combination of steam and temperature because: 1) Smart Control Processor setting the right temperature 2) HeatFlow technology enabling an even steam and temperature balance.

100% safe

100% safe on all fabrics even the most delicate like silk, cashmere, wool, polyester. Independent iron testing institutes have used PerfectCare on the most sensitive ironable garments and they confirmed the excellence of ironing results.

100% fast

100% fast to iron, no sorting required. Iron all your garments with more effective steam.

100% easy to use

100% easy to use, no adjustment required. You can now iron all ironable garments one after the other, without having to wait or to adjust the iron's temperature dial.

Tested and approved:

This iron is tested and approved by independent textile experts institutes for its excellent ironing performance, such as DWI, IWTO, Woolmark. The Woolmark Apparel Care program helps consumers identify quality laundry products that are approved by The Woolmark Company for use on wool products. Philips with its exclusive OptimalTEMP technology has been so far the only brand able to be certified with the Gold

GC4918/30

standard from Woolmark. You can be confident that the Woolmark-approved apparel care products are ideally suited for any wool garments.

T-ionicGlide soleplate

T-ionicGlide is Philips most premium soleplate. Delivering a new standard in glide and scratch resistance for OptimalTemp irons. The patented new coating will secure excellent results. The carefully designed shape and vent holes provide an even steam distribution for easy crease removal with the steam iron.

Philips Green Logo

Philips Green Products can reduce costs, energy consumption and CO2 emissions. How? They offer a significant environmental improvement in one or more of the Philips Green Focal Areas – Energy efficiency, Packaging, Hazardous substances, Weight, Recycling and disposal and Lifetime reliability.
