Highlights

Whiter teeth in just one week

Philips Sonicare DiamondClean toothbrush head removes up to 100% more stains for whiter teeth in just 7 days.

Unique diamond-shaped bristles

This Philips Sonicare toothbrush head features a central stain-removal pad, from densely-packed diamond-shaped bristles to remove surface stains caused by food and drinks. Also available in smaller, compact size for precision cleaning.

Maximized sonic motion

Philips Sonicare brush heads are vital to our core technology of high-frequency, high-amplitude brush movements performing over 31,000 brush strokes per minute. Our unparalleled sonic technology fully extends the power from the handle all the way to the tip of the brush head. This sonic motion creates a dynamic fluid action that drives fluid deep between teeth and along the gum line for superior, yet gentle, cleaning every time.

Click-on brush head system

This brush head clicks on and off your brush handle for a secure fit and easy maintenance and cleaning. It fits all Philips Sonicare toothbrush handles except: PowerUp Battery and Essence.

Better oral healthcare

Like all authentic Philips Sonicare branded brush heads, this brush head is safe on teeth and gums. Each brush head has been quality tested for exceptional performance and durability.

Reminder bristles

At first glance it may not be obvious, but brush heads lose stiffness and gradually wear down over months of normal use. Our blue reminder bristles fade to white and help you recognize when it's time for a replacement. For optimal results, replace your brush head every three months.
