The outside of the cover features a neat finish with a subtle structure and a soft touch. The soft inner lining offers optimal protection for your iPad Air.

Ease of use

Through the tailor-made intelligent click system, the iPad Air can be clicked into the cover easily and firmly. On top of that, the click system and the multifunctional back cover allow you to place the iPad in numerous viewing angles: convenient when watching a movie or showing photos.

The folio cover can also be flipped in an almost flat, slightly ascending position, allowing a comfortable type experience when e-mailing, surfing the internet or using Facebook or Twitter.

As this cover is tailor made for the iPad Air, all cameras, buttons, microphones and connectors remain available for use when the iPad is placed in the cover. The magnetic closure ensures the cover remains closed without the use of an elastic band or other closures.

Protection

Despite of its ultra-thin and light design, the Stile still offers optimal protection against scratches, bumps and dust due to the soft inner lining and the firm attachment in the cover.

Stylus Pen

A free stylus pen is included with the Aeroo Folio & Stand: very convenient for accurate control without leaving fingerprints when playing games or typing e-mails.

Ultra-thin, ultra-light, multifunction and optimal protection: the Trust Aeroo Folio & Stand is the ultimate partner for your iPad Air!
