

CLLMWLTRA

Optical Wireless Travel Mouse

This wireless optical micro mouse has a compact design and easily fits in your bag when traveling. The mouse has 3 buttons, including a scroll wheel which makes it easy to navigate documents or websites when working on your notebook/netbook. The compact and low-profile mouse comes with a 2.4Ghz wireless nano USB receiver, which makes it practical to use in almost any situation. The perfect companion while you're away from the office.

Highlights

- > 2.4Ghz nano technology for low interference
- > Equipped with a nano receiver
- > Stylish, compact design
- > Suitable for both left and right-handed users
