

CTVDIGANG

Android DVB-T TV Receiver

Watch free digital TV wherever you are - at home, holidays away or on business trips. This solution will quickly and easily turn your Android device in to a digital TV. Once you have downloaded the free app, Plug and Play installation allows you to simply plug in the device, open the app, pick a channel, and start watching. The Digital HDTV Micro USB Receiver is compatible with all Free TV channels. The device is small, does not require an additional power supply, and allows you to watch high definition TV in full screen mode wherever you happen to be.
