ComfortCut blades

ComfortCut blades have rounded edges that glide smoothly on your skin, so you always get a close yet comfortable shave.

Skin protection system

Rounded low-friction protection heads adjust to the curves of your face to limit skin damage.

An energy-efficient, powerful lithium-ion battery gives you more shaves per charge. You'll have up to 45 minutes of shaving time – that's around 14 shaves – after 8 hours of charging.
