## High-Precision Sound

Printed flat cable plus acoustics chamber

Urban chic goes pop-mod with the CitiScape Jetts' edgy graphic-printed flat cable. Finely tuned 9 mm drivers deliver precision sound and rich bass while ergonomic sound tubes and custom-fit ear-caps ensure personalised comfort and style.

#### Benefits

##### Total sound immersion on the move

- Efficient acoustic chamber for enhanced bass performance
- Finely tuned 9 mm premium drivers for high precision sound
- Noise-isolating ear caps to block out the city noise

##### Supreme comfort

- Choose from 3 pairs of ear caps for your perfect fit
- Ergonomic oval sound tubes for a comfortable fit

##### Design for convenience

- Reinforced rubberised cable relief for enhanced durability
- Graphic-printed flat cable keeps you tangle-free

##### Stay connected to your music and friends

- Switch from music to phone calls with built-in microphone

# PHILIPS

## Features

### Choice of 3 pairs of ear caps

Your CitiScape in-ear headphones come with 3 pairs of ear caps so you can treat your ears to a perfect fit. The ear caps come in 3 sizes, from small to large, and they're all stylish yet superbly comfortable.

### Efficient acoustic chamber

The efficient acoustic chamber system is structured specifically as a maximised space for sound waves to move about freely. As a result, you get to enjoy a much more dynamic sound performance.

### Ergonomic oval sound tubes

Based on extensive research and designed to fit any ear, the ergonomic oval shape of the sound tube ensures an optimum and comfortable fit.

### Fine-tuned 9 mm premium drivers

Plug into a world of crystal clear and natural sound with precisely tuned 9 mm premium drivers. Your CitiScape in-ear headphones are carefully engineered to deliver high precision sound, whatever music you're listening to.

### Noise-isolating ear caps

Noise isolating ear caps block out environmental noise, allowing you to immerse in pure music enjoyment.

### Reinforced cable relief

To help extend the life of your headphones, a soft protective rubber protects the connection where the cable meets ear shell casing. This prevents damage through repeated bending.

### Tangle-free flat cable

Urban-chic graphic prints on a smart flat cable keeps you on-trend and tangle-free.

### Built-in microphone

Your CitiScape headphones feature a built-in microphone so you can easily switch from listening to music to taking phone calls. It's a breeze staying connected with your music — and with the people who matter most to you.
