- Smooth nightlight
- Safe guidelight
- For kids

Sustainable light solutions

- High quality LED light

- Warm white light

Special characteristics

- Easy to recharge
- Tilt to turn on and off

PHILIPS

Features

Soft cuddly friend

This Philips portable light is almost like a real friend to your child. Thanks to the safe LED technology and that it is soft to touch, it accompanies your little one during the night.

Smooth nightlight

This Philips portable light wakes over your child when he or she sleeps. When he or she wakes up from a bad dream, he or she will find comfort in his or her little glowing friend that keeps an eye on him during the night.

Safe guidelight

The Philips portable light is a clever LED light to guide young ones during night time.

High quality LED light

The LED technology, integrated into this Philips lamp, is a uniquely developed solution by Philips. While instantly turned on, it enables an optimal light output and brings out vivid colors in your home.

Warm white light

Light can have different color temperatures, indicated in units called Kelvin (K). Lamps with a low Kelvin value produce a warm, more cosy light, while those with a higher Kelvin value produce a cool, more energising light. This Philips lamp offers warm white light for a cosy atmosphere.

For kids

This Philips child's room lamp creates an environment which encourages children to indulge in what they enjoy most: fun and creativity! But this lamp is also designed to be safe for your child: it is cool to touch, robust and uses non-toxic paint.

Easy to recharge

To recharge, simply put this Philips lamp on the included charger base and push the button to start.

Tilt to turn on and off

By tilting this Philips lamp you can switch it on and off. Surprisingly easy and funny.
