Ledino Clairo pendant light

Giving light a new experience

The solidity of the glass evokes a look of luxury. Dim the LED lights and create any setting you desire. These pendants also feature a mechanically tunable LED that allows you to choose from a range of warm to cool white settings.

Benefits

Advanced LED light

- High Power LED
- Choose your ambiance with mechanical tunable white
- Warm white light effect

Elegant design meets innovative technology

- Simple designs and expressive lines

- Multiple applications and finishes to suit your taste

Ease of use

- Adjustable height
- Dimmable with low-voltage electronic dimmer

Features

High Power LED

The LED module of this lamp is a uniquely developed solution by Philips combining 3 LEDs in a synthetic and aluminium housing. This technique enables an optimal light output and a 100% uniform light color.

Timeless unique design

Is lighting more than just a functional solution to the problem of darkness? Philips answers that question in an uncompromising and provocative way with designs that inspire you to create the light and control the shadow in your environment.

PHILIPS

Tunable white

Who said that LED light can never have a warm light color? Philips introduces tunable white. You can choose your preferred light color from 4 standard options, from warm white to cool white. Change by using a simple tool that is included with your luminaire. Note: this feature is not a substitute for a dimmer.

Adjustable height

This Philips light is delivered with long cables to offer you a maximum flexibility during installation. Choose the perfect height matching your needs.

Warm white light effect

Light up your home with warm white light effects thanks to the latest LED innovation. Philips introduces the latest generation of warm white light high

power LEDs, reaching a color temperature of 2700 Kelvin. This innovation brings the Philips lighting fixtures to the next level, allowing you to combine elegance and ambience creation with light and energy efficiency.

Dimmable

This fixture is compatible with a low-voltage electronic dimmer.

Multiple applications

If you enjoy design, and like to experiment with the latest styles and themes in your home, try Philips lighting fixtures. It's a range of decorative suspension lights, wall lights, ceiling lights, floor and table lamps in premium materials and different colors.
