- Philips bulb always included

### **Special characteristics**

- The height of the pendant is easy adjustable

**PHILIPS**

# Highlights

## Warm white light

Light can have different colour temperatures, indicated in units called Kelvin (K). Lamps with a low Kelvin value produce a warm, more cosy light, while those with a higher Kelvin value produce a cool, more energising light. This Philips lamp offers warm white light for a cosy atmosphere.

## Adjustable height

This Philips pendant light is delivered with long cables to offer you maximum flexibility during and after installation. Choose the perfect height to meet your needs.

## Philips bulb always included

High-quality Philips EcoLamp energy-efficient light bulbs are included in the box for achieving the best light effect.

## Energy saving

This Philips energy-saving lamp conserves energy compared with traditional light sources, helping you to save money on your electricity bills and do your bit for the environment.

## For kids

This Philips child's room lamp creates an environment that encourages children to indulge in what they enjoy most: fun and creativity! But this lamp is also designed to be safe for your child: it is cool to touch and robust, and uses non-toxic paint.
