56240/31/16

Accent your home with light

This Philips myLiving Star LED wall spot speaks of timeless elegance with its chrome leg and powdered white paint body. With latest LED technology, this energy saving spot provides plenty of warm white light to brighten your room in style.

Benefits

Sustainable light solutions

- High quality LED light
- Warm white light
- Energy saving
- Long operating life up to 30 years

- Philips offers 5 year warranty on the LED module and driver

Special characteristics

- Adjustable spot head

Features

High quality LED light

The LED technology, integrated into this Philips lamp, is a uniquely developed solution by Philips. While instantly turned on, it enables an optimal light output and brings out vivid colors in your home.

Warm white light

Light can have different color temperatures, indicated in units called Kelvin (K). Lamps with a low Kelvin value produce a warm, more cosy light, while those with a higher Kelvin value produce a cool, more energising light. This Philips lamp offers warm white light for a cosy atmosphere.

Adjustable spot head

Direct the light where you want it most by simply adjusting, rotating or tilting the spot head of the lamp.

Energy saving

This Philips energy saving lamp conserves energy compared to traditional light sources, helping you to save money on your electricity bills and do your bit for the environment.

5 year warranty on LED system

On top of the standard 2 year warranty for this lamp, Philips offers 5 year warranty on the LED system, meaning the LED module and the driver in this lamp.
