

Ceiling light

- Beach
- matt chrome

32070/17/16

## Freshen up with beautiful natural light

Enjoy the daylight-like brightness of the Philips myBathroom Beach ceiling light. The lamp's high-quality light and synthetic diffuser provide optimal illumination with a long-lasting, energy-efficient light source.

### Benefits

#### Designed for your bathroom

- True skin colour with high-quality light
- IP44, perfectly suited for your bathroom

#### Sustainable light solutions

- Warm white light
- Philips bulb always included
- Energy saving

### Features

#### True skin colour

This Philips bathroom light makes colours reflect in a natural and accurate way, just the way the sun would do.

# PHILIPS

#### Warm white light

Light can have different colour temperatures, indicated in units called Kelvin (K). Lamps with a low Kelvin value produce a warm, more cosy light, while those with a higher Kelvin value produce a cool, more energising light. This Philips lamp offers warm white light for a cosy atmosphere.

#### Philips bulb always included

High-quality Philips EcoLamp energy-efficient light bulbs are included in the box for achieving the best light effect.

#### Energy saving

This Philips energy-saving lamp conserves energy compared with traditional light sources, helping you to save money on your electricity bills and do your bit for the environment.

#### IP44 - bathroom-safe

This Philips bathroom light is especially designed for humid environments. It was tested rigorously to ensure its water resistance. The IP level is described by two figures: the first one refers to the protection level against dust, the second against water. This bathroom light is designed with IP44: it is protected against splashing water. This product is most commonly used and ideal for the bathroom.

## Specifications
