Freshen up with beautiful natural light

Groom yourself to the light of the Silvery moon. This chrome spherical Philips myBathroom wall light may not be the real thing, but it is made from quality glass and chrome, to give warm white light that shows skin color correctly.

Benefits

Designed for your bathroom

- True skin color with high quality light
- IP44, perfectly suited for your bathroom

Sustainable light solutions

- Warm white light

- Always a Philips bulb included
- Adjustable light intensity with dimmer switch
- Energy saving

Features

True skin color

This Philips bathroom light makes colors reflect in a natural and accurate way. Just the way the sun would do.

Warm white light

Light can have different color temperatures, indicated in units called Kelvin (K). Lamps with a low Kelvin value produce a warm, more cosy light, while

PHILIPS

those with a higher Kelvin value produce a cool, more energising light. This Philips lamp offers warm white light for a cosy atmosphere.

Always a Philips bulb included

High quality Philips light bulbs are included in the box to achieve the best light effect.

Dimmable

Adjust the light intensity of this Philips light with a dimmer switch (not included). This makes this light ideal for highlighting a feature or creating an ambience for any occasion, whether a cosy meal à deux or chilling out with family and friends in your living room.

Energy saving

This Philips energy saving lamp conserves energy compared to traditional light sources, helping you to save money on your electricity bills and do your bit for the environment.

IP44 - bathroom safe

This Philips bathroom light is especially designed for humid environments. It was tested rigorously to ensure its water resistance. The IP level is described by two figures: the first one refers to the protection level against dust, the second against water. This bathroom light is designed with IP44: it is protected against splashing water, this product is most common and ideal for bathroom use.
