Freshen up with beautiful natural light

The Philips myBathroom Vitalise wall light can be installed vertically or horizontally to suit your purpose. Either way, it lets you enjoy high-quality diffused light that reveals true skin colour and lights up the room.

Designed for your bathroom

- True skin colour with high-quality light
- IP44, perfectly suited for your bathroom

Sustainable light solutions

- Energy saving
- Warm white light
- Philips bulb always included

Special characteristics

- On/off switch on article
- Vertical and horizontal wall mounting possible

PHILIPS

Highlights

True skin colour

This Philips bathroom light makes colours reflect in a natural and accurate way, just the way the sun would do.

Warm white light

Light can have different colour temperatures, indicated in units called Kelvin (K). Lamps with a low Kelvin value produce a warm, more cosy light, while those with a higher Kelvin value produce a cool, more energising light. This Philips lamp offers warm white light for a cosy atmosphere.

Philips bulb always included

High-quality Philips EcoLamp energy-efficient light bulbs are included in the box for achieving the best light effect.

Energy saving

This Philips energy-saving lamp conserves energy compared with traditional light sources, helping you to save money on your electricity bills and do your bit for the environment.

IP44 - bathroom-safe

This Philips bathroom light is especially designed for humid environments. It was

tested rigorously to ensure its water resistance. The IP level is described by two figures: the first one refers to the protection level against dust, the second against water. This bathroom light is designed with IP44: it is protected against splashing water. This product is most commonly used and ideal for the bathroom.

On/off switch on article

With the button discreetly integrated into the lamp, you can easily switch the light on and off.

Vertical and horizontal

This lamp can be installed vertically or horizontally, just the way you like it.

Specifications
