# Feel safe, drive safe

60% more light : quicker reaction can save lives

Philips VisionPlus headlight bulbs produce 60% more light, which allows drivers to see farther for greater safety and comfort. Offering high performance and excellent value, VisionPlus is the right choice for today's demanding drivers.

## Benefits

### Superior quality with enhanced visibility

- Change both your headlamps at once for more safety
- Wide range of 12V lamps to meet all functions
- Greater driving comfort and safety
- VisionPlus projects 25 m light extra than a standard lamp

### Original Equipment manufacturer

- Philips is the choice of all major car manufacturers
- Respecting high quality standards of the ECE homologation

- Award winning car lamp manufacturer

### Very high quality and ultra resistant car lamp

- Philips car lamps are made of high-quality quartz glass
- Philips car lamps are highly resistant against humidity
- Philips car lamps are highly UV resistant

# PHILIPS

## VisionPlus

### Features

#### Car manufacturer choice

For 100 years, Philips has been on the forefront of the automotive lighting industry, introducing technological innovations that have become standard on modern automobiles. Today, one in two cars in Europe and one in three worldwide is equipped with Philips lighting

#### Change by pairs

Highly recommended to change them by pairs for symmetric light performance

#### Designed for multiple usage

Which 12V lamp for which function ? Philips Automotive offering includes all car specific functions : high beam, Low beam, front fog , front indicator, side indicator, rear indicator, stop light, reversing light, rear fog light, license plate lights, rear position/parking light, interior lights.

#### ECE homologation

Philips Automotive is dedicated to producing best-in-class products and services in the Original Equipment Manufacturer market as well as in aftermarket. Our products are manufactured from high-quality materials and tested to the highest specifications to maximize the safety and driving comfort of our customers. Our entire production is meticulously tested, controlled and certified (ISO 9001, ISO 14001 and QSO 9000) to the highest ECE requirements

#### High quality and visibility

VisionPlus provides you with a better reactivity thanks to an earlier recognition of obstacles and traffic signs. Brake lighting is also visible earlier, thanks to a more powerful light output. Drivers can reduce their braking distance by up to 3 meters at 100 km/h. Light is a fundamental part of the driving experience and light is the first and only part of the safety circle that actually helps prevent accidents.

High quality quartz glass

UV-Quartz glass is stronger than hard glass and highly resistant to temperature extremes and vibrations, which eliminates the risk of explosion. Philips quartz-glass lamps (filament 2 650° C and glass 800° C) are able to withstand severe thermal shock. With the capability of increased pressure inside the lamp, UV-quartz glass is able to produce a more powerful light

Resistance against humidity

Only a burning bulb made of quartz glass (filament 2650°c, glass 800°c) can resist thermal shocks : if a drop of cold water touches the hot bulb, which can happen when you drive through water with a broken headlight unit.

Rewarded Car lamps

Our lamps are often rewarded by automotive experts

UV Resistant

Philips special anti-UV coating technology protects the headlights against harmful ultraviolet radiation, making Philips UV-coated quartz glass perfect for all driving conditions and ensures their longevity

60% More light on the road

Philips Vision Plus will allow your car to project 25 m light extra than a standard bulb. Our lighting solutions produce a powerful and precise beam of light with maximum output . We consistently produce the best, most efficient lighting solutions because we know that our high-quality lighting may one day save a life.

### Packaging Data

Packaging type	S2
EAN1	8727900399387
EAN3	8727900399370

### Electrical characteristics

Voltage	12 V
Wattage	55 W

### Lifetime

Life time	400h
-----------	------

### Light characteristics

Lumens	1500 ±10% lm
--------	--------------

### Ordering information

Order entry	12972VPS2
Ordering code	39938728

### Outerpack information

Gross weight per piece	0.421 kg
Height	14 cm
Length	29.6 cm
Width	11.6 cm

### Product description

Type	H7
Application	High beam

## VisionPlus

Designation	Front fog light
Homologation ECE	Low beam
Range	H7 VisionPlus
Technology	YES
Base	VisionPlus
	Halogen
	PX26d

Length	10.6 cm
Net weight per piece	11.8 g
Pack Quantity /	10
MOQ	
Width	9.5 cm

### Marketing specifications

Expected benefits	More light
Product highlight	60% More light

### Packed product information

Gross weight per piece	42.1 g
Height	12.62 cm
