- Stereo with bass radiator
- Battery or AC operated
- 6W

SBT310W/37

Loud, dynamic sound

Wireless music streaming

Enjoy wireless music streaming via Bluetooth and powerful sound with Bass Reflex speakers. AC power and AA battery options ensure easy playback anywhere. Its time display makes it perfect on your bedside.

Benefits

Impressive sound

- Wireless music streaming via Bluetooth
- Bass Reflex speakers deliver a powerful, deeper bass
- Advanced audio sound performance in a compact design

Easy and convenient

- Audio-in for easy portable music playback
- Versatile AC power with AA battery options

- LED clock display for clear time viewing

Simplicity in use

- Works with any Bluetooth-enabled device
- Ideal for any smartphone, computer or portable device

PHILIPS

Features

Bluetooth

Bluetooth is a short range wireless communication technology that is both stable and energy efficient. The technology allows for easy wireless connection to other Bluetooth devices, so you can play your favorite music from any smartphone, tablet or laptop, including the iPod or iPhone with a Bluetooth-enabled speaker.

Bass Reflex System

A chamber behind the speaker driver that channels air to acoustically tuned vents built into the speaker give the bass notes a more punchy, realistic sound.

AUDIO-IN (3.5mm)

Make one easy connection and enjoy all your music from portable devices and computers. Simply plug your device to the AUDIO-IN (3.5 mm) port on your Philips set. With computers, the connection is typically made from the headset output. Once linked, you can enjoy your entire music collection directly, on a set of superior speakers. Philips simply delivers better sound.

Specifications
