Ultimate shaving and oil control experience with GyroFlex 3D system

The Philips SensioTouch 3D shaver gives the ultimate shaving experience. The GyroFlex 3D system adjusts easily to the curves of your face and shaves even the shortest stubble with its UltraTrack blades.

Follows the unique contours of your face

- Philips GyroFlex 3D system adjusts seamlessly to every curve

Sensationally smooth shave

- UltraTrack heads catch every hair with just a few strokes
- Shavers with Super Lift&Cut Action

An electric shaver which takes care of your skin

- Smooth, low-friction SkinGlide to minimize irritation

Easy to use

- Full numeric multi purpose LED display
- Click-on oil-control cleansing brush pro
- Skin friendly precision trimmer

A brand new shave every day

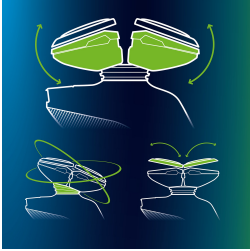

- Jet Clean+ system cleans, lubricates and charges the shaver

Highlights

GyroFlex 3D Shaver

GyroFlex 3D contour-following heads of the shaver adjust seamlessly to every curve of your face, minimizing pressure and irritation on your skin.

UltraTrack Shaver Heads

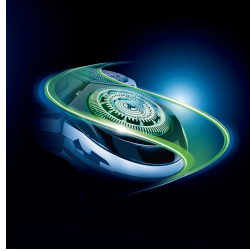

Get a close shave that minimizes skin irritation. The shaving head has 3 specialized tracks: slots for normal hair; channels for long or flat laying hair; and holes for the shortest stubble on your face.

Super Lift & Cut Action

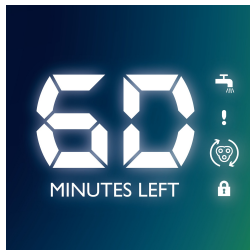

The dual blade system built into the Philips electric shaver lifts hairs to cut comfortably below skin level for a closer shave.

SkinGlide

The low-friction SkinGlide shaving surface of the electric shaver slides smoothly along your skin for a close easy shave.

Numeric multi purpose display

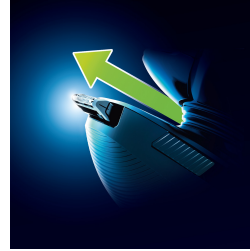

The full numeric multi purpose LED display shows the remaining shaving minutes and also indicates when it needs cleaning, when you need a new head, when the battery is low or full and when the travel lock is on.

Click-on cleansing brush pro

Longer lasting oil control than manual cleansing*. Simply click on the brush and give your skin a 1 minute deep clean, helping to deeply cleanse any oil. The brush can be used in combination with your own cleansing product.

Precision trimmer

The unique skin friendly precision trimmer system is built to avoid unnecessary skin contact. Easy to use for perfect moustache and sideburn trimming.

Jet Clean+ system

Our Jet Clean+ System cleans and lubricates the blades and recharges the battery after every use. It offers 3 cleaning settings: automatic for normal usage, eco for 40% less energy usage, and intensive for extra-thorough cleaning.
