- white
- LED

30804/31/16

Decorate your home with light

Bring a natural feel to your room with this Philips myLiving Twirl LED ceiling light. It casts diffused warm light to illuminate every corner of your room and can be used on both ceilings and walls.

Benefits

Sustainable light solutions

- High quality LED light
- Warm white light
- Energy saving

Special characteristics

- Suitable for wall and ceiling installation

Features

High quality LED light

The LED technology integrated into this Philips lamp is a unique solution developed by Philips. It turns on instantly, enables an optimal light output and brings out vivid colours in your home.

PHILIPS

Warm white light

Wall and ceiling installation

Install this lamp as a wall light or ceiling light, just the way you like it.

Light can have different colour temperatures, indicated in units called Kelvin (K). Lamps with a low Kelvin value produce a warm, more cosy light, while those with a higher Kelvin value produce a cool, more energising light. This Philips lamp offers warm white light for a cosy atmosphere.

Energy saving

This Philips energy-saving lamp conserves energy compared with traditional light sources, helping you to save money on your electricity bills and do your bit for the environment.
