**PHILIPS**

Under cabinet light  
Aromatic white

# Highlights

## Warm white light

Light can have different color temperatures, indicated in units called Kelvin (K). Lamps with a low Kelvin value produce a warm, more cosy light, while those with a higher Kelvin value produce a cool, more energising light. This Philips lamp offers warm white light for a cosy atmosphere.

## Accurate colors

This Philips kitchen light makes colors reflect in a natural and accurate way. Just the way the sun would do.

## Always a Philips bulb included

High quality Philips EcoLamp energy efficient light bulbs are included in the box to achieve the best light effect.

## Connectable product

This product is connectable with a similar product or with any other product from the same family.

## Energy saving

This Philips energy saving lamp conserves energy compared to traditional light sources, helping you to save money on your electricity bills and do your bit for the environment.

## On/off switch on article

With the button discreetly integrated onto the lamp, you can easily switch the light on and off.
