Benefits

Designed for your kitchen

- Accurate colors with high quality light
- Can be connected to products from the same family

Sustainable light solutions

- Warm white light
- Always a Philips bulb included

Features

Warm white light

Light can have different color temperatures, indicated in units called Kelvin (K). Lamps with a low Kelvin value produce a warm, more cosy light, while

- Energy saving

Special characteristics

- On/off switch on article

those with a higher Kelvin value produce a cool, more energising light. This Philips lamp offers warm white light for a cosy atmosphere.

PHILIPS

Accurate colors

This Philips kitchen light makes colors reflect in a natural and accurate way. Just the way the sun would do.

Always a Philips bulb included

High quality Philips EcoLamp energy efficient light bulbs are included in the box to achieve the best light effect.

Connectable product

This product is connectable with a similar product or with any other product from the same family.

Energy saving

This Philips energy saving lamp conserves energy compared to traditional light sources, helping you to save money on your electricity bills and do your bit for the environment.

On/off switch on article

With the button discreetly integrated onto the lamp, you can easily switch the light on and off.
