

Philips myLiving
Wall light

Lakeport
wood

myLiving

33232/74/16

Decorate your home with light

The Philips myLiving Lakeport wall light captivates with its contours and superior light. The wooden housing of the light bends conventions, but retains Philips' quality. Mount it straight or sideways; the workmanship is unmistakable.

Sustainable light solutions

- Energy saving
- Warm white light
- Philips bulb always included

Special characteristics

- Vertical and horizontal wall mounting possible

PHILIPS

Highlights

Warm white light

Light can have different colour temperatures, indicated in units called Kelvin (K). Lamps with a low Kelvin value produce a warm, more cosy light, while those with a higher Kelvin value produce a cool, more energising light. This Philips lamp offers warm white light for a cosy atmosphere.

Philips bulb always included

High-quality Philips EcoLamp energy-efficient light bulbs are included in the box for achieving the best light effect.

Energy saving

This Philips energy-saving lamp conserves energy compared with traditional light sources, helping you to save money on your electricity bills and do your bit for the environment.

Vertical and horizontal

This lamp can be installed vertically or horizontally, just the way you like it.
