- Warm white light
- Energy saving

#### Special characteristics

- Suitable for wall and ceiling installation

### Features

#### High quality LED light

The LED technology integrated into this Philips lamp is a unique solution developed by Philips. It turns on instantly, enables an optimal light output and brings out vivid colours in your home.

# PHILIPS

### Warm white light

### Wall and ceiling installation

Install this lamp as a wall light or ceiling light, just the way you like it.

Light can have different colour temperatures, indicated in units called Kelvin (K). Lamps with a low Kelvin value produce a warm, more cosy light, while those with a higher Kelvin value produce a cool, more energising light. This Philips lamp offers warm white light for a cosy atmosphere.

### Energy saving

This Philips energy-saving lamp conserves energy compared with traditional light sources, helping you to save money on your electricity bills and do your bit for the environment.
