PHILIPS

Highlights

Warm white light

Light can have different colour temperatures, indicated in units called Kelvin (K). Lamps with a low Kelvin value produce a warm, more cosy light, while those with a higher Kelvin value produce a cool, more energising light. This Philips lamp offers warm white light for a cosy atmosphere.

Adjustable height

The height of this Philips pendant light is adjustable at all times. By means of a telescopic arm you can easily twist to shorten or lengthen the pendant.

Philips bulb always included

High-quality Philips EcoClassic energy-efficient light bulbs are included in the box for achieving the best light effect.

Dimmable

Adjust the light intensity of this Philips light with a dimmer switch (not included). This makes the light ideal for highlighting a feature or creating an ambience for any occasion, whether a cosy meal à deux or chilling out with family and friends in your living room.

Energy saving

This Philips energy-saving lamp conserves energy compared with traditional light sources, helping you to save money on your electricity bills and do your bit for the environment.
