Decorate your home with light

Living room wall lights are useful but they're also decorative accessories. Philips myLiving Arrow wall light hits both marks with its sleek nickel style and superior illuminating performance, as well as long-lasting energy-efficiency.

Sustainable light solutions

- Energy saving
- Warm white light
- Always a Philips bulb included
- Adjustable light intensity with dimmer switch

Special characteristics

- On/off switch on article

PHILIPS

Wall light
Arrow matt chrome

Highlights

Warm white light

Light can have different color temperatures, indicated in units called Kelvin (K). Lamps with a low Kelvin value produce a warm, more cosy light, while those with a higher Kelvin value produce a cool, more energising light. This Philips lamp offers warm white light for a cosy atmosphere.

Always a Philips bulb included

High quality Philips light bulbs are included in the box to achieve the best light effect.

Dimmable

Adjust the light intensity of this Philips light with a dimmer switch (not included). This makes this light

ideal for highlighting a feature or creating an ambience for any occasion, whether a cosy meal à deux or chilling out with family and friends in your living room.

Energy saving

This Philips energy saving lamp conserves energy compared to traditional light sources, helping you to save money on your electricity bills and do your bit for the environment.

On/off switch on article

With the button discreetly integrated onto the lamp, you can easily switch the light on and off.
