## Features

### Universal standard

The original Philips s-bag® can be used for all Philips and Electrolux Group (Electrolux, AEG, Volta, Tornado) vacuum cleaners with bags. Skip the hassle of endlessly searching for a dust bag, simply look for the s-bag® logo.

### Highly resistant material

The s-bag® Anti-Odour is made of a highly resistant synthetic material, produced in Sweden.

### Absorbs unpleasant smells

Unlike ordinary vacuum bags, s-bag® Anti-Odour uses a resistant synthetic material coated with an odour absorbing wax to trap unpleasant smells and prevent them from escaping the vacuum cleaner. This vacuum bag is ideal for people with pets.

### Hygienic closing system

The patented closing system of the Philips s-bag® allows for easy and clean disposal, without spilling the trapped dirt that is inside.

### High filtration capacity

The synthetic material of this vacuum bag filters up to 99% of dust and particles. It filters the air more efficiently than a normal paper bag and helps you get rid of airborne particles such as allergens.
